“ My love and prayers goes out to my cousins and their families. It is going to be a difficult road to come but remember the good times especially her last weekend. I know it is easier said than done, especially when you have to start packing her stuff up and you go back to her home.

Annabelle and I were talking on my birthday and she couldn't believe I was old as I was. She said you're not that far from me. I said no I'm not and she laughed. I said do you remember your first car and she said no. I said it was that convertable and when you brought it home you and I went riding in it with the top down and it was not summertime it was like 40 degrees outside and we had the windows up and the heater going full blast. She said yes I do remember that. It was so funny and we had a good laugh.. I will miss you very much and our talks every week. My love to you.
