“ Words can't express how lost we are without you Bub as we sit here talking about the crazy stuff you did.

I know that you knew how much we loved you and how proud we were of you, as we said it daily.

We love and miss you so very much.

I lost my little boy and your sisters lost the best big brother anyone could ever imagine. You were such a good role model for these girls and always held your hands for me when I stumbled.

I have had many emotions and I'm sure I haven't seen the worst, but I hold my head high as I know that's what you would have wanted.

I love and miss you more than words can describe and can't wait until I can enjoy that great fishing, hunting with you in heaven.

Parents PLEASE PLEASE squeeze your babies and tell them how much you love them more often than you can think, as you don't know when they will be joining the lord.

Please pray for our family and my future Daughter-N-Law Kendra Holcomb's family as we are all deeply hurt.

God Bless.... I love you Bub.

“ Little James, Steve and I met you around age 5.. wow. You and your dad always came over with Cierra and we played games outside and just had fun.. You would help Steve in the yard so many times..And then you grew up... Way too fast, but you grew into an extraordinary loving person. You had such an amazing future ahead of you, but God wanted you home.. We will never understand why He called you home so soon.

James you are loved by so many and will be missed greatly. I know one day we will see each other again...Until then R.I.P. we love and miss you...

“ Words cannot describe how much I love and miss you bub. I feel so lost right now without you. I've been waiting all week for you to come bouncing in saying gotcha pops but you know that was a good one. I have questioned not once but many times why God could take such a fine man from us when his cup is overflowing with people that play Roulette with their lives daily.

Fathers/Mothers squeeze your children and make SURE they know how much you love them because that may be your last time.

Bub I know that you knew how much I loved you and how extremely proud I was of you but I'll tell you again. I love you more than life, and could never be prouder of the fine outstanding young man you became.

PLEASE EVERYONE hold not only our family but Kendra Holcomb my soon to be daughter-N-laws family up in prayer as this is going to be one of the hardest weeks of our lives.

God Bless All.

“He is going to be sadly missed. This young man has touched more people in his short life then you can imagine. His smile, silliness, attitude, his whole personality was just contagious. It's so hard to believe that he is gone. I'm going to miss him more then anyone could ever know. Not only was he my nephew he was like another son to me. I love you Bub now and forever.

“ *James where do I begin. You came into my life through my son Dakota. It was an adventure from the start. First I inherited Duke the best dog I ever had, every time he ran away and ended up at the pound, I thought of you, and I never knew what was in store for you and Dakota on your adventurous nights. All the other kids were inside playing xbox, but not you and Code, lets see how bout you two camp out in back of a pickup truck by the pond and drink Cobra beer, seriously lol. Or how bout you two camp out in a tent with in 30 degree weather. The trips back and forth to forest, night after night, always knowing that Dakota was in good hands because he was with you, not that I didn't worry each time, because you have to admit you 2 did some crazy things. But then you grew up and both found loves of your own, but didn't stop your friendship with each other, you came to see us every chance you got, and you became Dakota's brother, which then made you my son. We loved you just like a son. I had planned on seeing you this weekend at Dillon's party, and well, I know you will be there in spirit . I am going to miss you and a part of you will always live through Dakota. Til we meet again love you*

“ My condolences to James's Family. I have only known him for a couple years and became friends. We just hit it off, even though I'm three times his age. He liked my music and wanted to learn to play guitar. It's still on Brother as one day we will be united again! Gods Blessing be with the family in these difficult times.

“ Our hearts are breaking, Words could never take away the pain. He will forever live in all of our hearts. Sometimes we want to question God and we cant understand why that he would take away our loved ones, the ones that are so good ... those questions will always be with us and we will never understand but one thing I do know.... Little Man is in Heaven with Jesus, I can just imagine James opening his eyes in glory land and seeing Jesus with his arms opened wide to welcome him home. This is not good bye, this is..... I will see you later Bubby... Save my spot, get the fishing poles ready, Form a circle with all those that has gone on before you, Be Blessed our Angel.... Tears will ease over the years, Hearts will mend, but Memories will never fade away, our hearts are broken right now, and I know you would be so Blessed to know just how many people love and miss you. We all will hang together, We all will see your mom, dad, step parents, grandparents, siblings, aunts uncles, cousins, friends and loved ones thru this by always holding you in our hearts. Your legacy will live on for generations to come because you were and are a true soldier We love you James Long Jr. Forever and a day :(
