“ I met Terri when she started working with me in the "water welding" area @ Siemens. As we conversed, we realized we were only born 2 days apart @ the same hospital & had to have been in the nursery together. They used to keep moms & newborns for 5 days then. So after that, we used to tell people we were twins; I had just procrastinated 2 days!! I'll miss her absolute honesty, her straightforward attitude, her deliciously ornery sense of humor, her REALNESS!! Terri, you got to heaven before me, keep those angels laughing!!

“ Terri was so much fun to be around. I worked with her at Siemens and she would do things that would just make you laugh. She will be greatly missed by so many. Thinking of all her family in this sad time and remembering all the good times.

“ You grew up as one of the girls in our family and you were like a second mom to my kids Paul , Danelle and Michael as they all grew up. I will always remember going to the skating rink thinking we were so grown up. I will truly miss you. Love in my heart will always be there for you my sister. I know you will be watching over us and also laughing at us as much as you can.

“ Terri was such a great friend she always told it to you straight with no sugar coating. She loved her family and friends unconditionally. She had a special place in her heart for my grandsons especially Isaac who always had a big smile for her when ever he seen her. I will miss you my friend but its a comfort to know you'll be watching over us all. I know I'll hear you laughing and saying "girl" every time Isaac is being ornery. Love you you'll always be in my heart. May God bless your family and give them comfort
